

WE WISH YOU A MERRY CHRISTMAS AND GIVE AWAY OUR WORKING HOURS.

futurest

Dear customers, friends and partners,

what would you wish for if you had one wish? Probably only a few people in this country would think of basic sanitation or drinkable water first. While we take the availability of toilets and clean drinking water for granted, 892 million people worldwide still have no access to sanitation facilities and another 844 million have no access to safe and clean drinking water sources.

The non-profit association [Viva con Agua](#) has made it its mission to combat these problems. And we would like to support them by donating our time and expertise to the [Viva con Agua](#) team instead of sending out our Christmas cards this year. And this already at the beginning of next year.

Just like [Viva con Agua](#) we focus our work on people and their needs by using agile and user-centric tools and methods to generate valuable and sustainable ideas and approaches for the development of new products and services for people.

Together with [Viva con Agua](#) we would like to implement this approach with the help of our expertise and the positive activism of the non-profit association in a workshop and thus make a valuable contribution to the common good of society.

We wish you a Merry Christmas and a Successful New Year.

Babak Zeini, Manuel Kreutz
and the futurest team!
